TYRES FOR AUSTRALIAN FARMERS

## 70 SERIES HR45 TUBELESS RADIAL R1 TYRES

-  **Single wire bead** Unique flexible bead bundles have size and shape tailored to each tyre size and load indices.
-  **High ply turn-up** Increased sidewall strength and stability allowing for higher load carrying capacity.
-  **45 degree lugs** Provides long service life, better traction and drawbar pull, reduced fuel consumption, better ride handling and smooth ride on hard soils and road transport.
-  **Premium tread compound** Better suited to Australian soil conditions with longer wear rate and resistance to weather cracking & soil abrasions.
-  **Controlled crown shape** Better flotation, aids with self-cleaning, straight line stability, easier cornering (less steering resistance).
-  **Lug dimensions by tyre size** Each tyre size has unique pattern depth, lug width and number of lugs carefully determined by the application's specific requirements.
